<ul style="list-style-type: none"> *Montessori work cycle refers to a time of independent work choice from the materials provided in all areas (Practical life, Sensorial, Language, Maths, Culture, Art). Materials and activities are outdoors and indoors. *Snack time- for children under 2.5 years old, we will prepare snacks and offer at 10:30 am. For other children there is a free flow of snack prep. *Naps- children nap in the under 2s area (in the hall). All other children play outdoors. If weather doesn't allow outdoor play, children play in the Community centre big hall. The time table is flexible and we might add other activities. The only non-flexible times are Lunch and Naps, and getting ready for pick up.
